SUMMARY

Visual and UI/UX designer with a background in professional communications. Designs websites, brand systems and digital content for international organizations with a focus on accessible design.

EXPERIENCE

Production Designers Collective — Remote | Brooklyn, NY
Communications Coordinator — March 2025 – Present

- Designed and built the conference website for the 2026 Production Designers Gathering, from information architecture and content strategy in Figma to a Wix build launched in three phases; wrote and edited site copy
- Set up a Figma library of Gathering 2026 brand assets and components after the PDC's 2025 brand refresh, keeping the event website, prospectus deck and attendee badges consistent
- Designed the sponsor prospectus deck and high-contrast attendee badges; the event drew 200+ attendees and 6 sponsors, including Warner Bros. Studios, Rosco and ShotDeck
- Collaborated with PDC leadership to refresh the International Production Design Week 2025 identity (type system, color palette, graphic forms) and designed media kit templates used by 29 guilds and associations for 209 events in 24 countries
- Manage content strategy and design for Instagram and LinkedIn; grew Instagram by 5,400+ followers in five months to 20,000+, a 190% increase in follower acquisition

Education Coordinator — March – Nov. 2023

- Built and managed an outreach database of 250+ film and design schools around the world
- Designed email and social content in Canva, Illustrator and Mailchimp for the inaugural International Production Design Week

Freelance — Phoenix, AZ
Visual Designer — March 2025 – Present

- Design brand identities, logo systems, brand guidelines and social templates for clients in the arts and media, including Vxlid Magazine and Arizona's Happy Place

Keck School of Medicine of USC — Remote | Los Angeles, CA
Bionic Ear Lab Program Facilitator, Cochlear Implant (CI) Music Hour — Sept. 2024 – Dec. 2025
